Banks High School Class of 2024 Forecasting Directions:

Step 1- Review the Powerpoint for class information.

- You can also visit the <u>Banks High School Curreilum Guide</u> http://www.banks.k12.or.us/uploads/4/3/1/5/43150659/bhs curriculum guide 2019 20.pdf

Step 2- Select your core courses.

- Remember we will assist with Math level placement. Generally, 8th grade math goes to Algebra 1, Algebra 1 goes to Geometry, Geometry goes to Algebra 2. If you struggle with math we may recommend Daily Algebra.
- If you are interested in Honors English or Biology consider the workload and rigor of these classes. If you are unsure, ask your current teacher for their recommendation.

Step 3- Select your Elective Courses.

- You need to choose 6 semesters of electives! This can be 6 semesters or 3 year long courses, or a combination of the two.
- Remember Study Hall does NOT count for credit
- On the paper form, choose your top choices first, then list your alternates.
- On the google form, choose your top choices first, then your alternates in the alternate section.

Step 4- Turn in or submit your forecasting, either on the google form or the paper form.

- Paper forms can be returned to weekly packet pickup.
- Please complete forecasting by May 18, 2020.

Grade 9 Forecasting
