

## Middle/High School - May 26th-28th

1. If possible, join the Google Meets meeting at 1:00pm on Wednesday, May 27th at 1:00 pm. The invitation was sent to your school email.
2. To wrap up the unit that we weren't able to finish while in school, please answer the following two questions and send your answers to me:

a. **Think about** your parent's life experience and the successes they have had at home, and their work. Maybe they are proud of the way they are raising their children, the career they have, their ability to do something well? These all count as successes. Maybe you can think of other ways they feel successful as well. **Describe** 2-3 choices and actions that helped them become successful.

b. **Write 4-5 sentences that explain how you think this time at home could impact your future?**

*\*Here are some questions to think about as you answer this question:*

*Has this made you question the way schools are set up for educating students?*

*Has it been a good experience, or a bad experience?*

*Has it led to positive experiences with your family?*

*Has it made you think about what kind of career you want to have as you see which people are still able to work right now?*

*Has it made you think about where you would want to live if something like this happens again?*

**\*You could also create a video that answers these questions and send that to me if you would prefer a speaking exercise instead of a writing exercise. :)**
