Option 2: If you cannot access our unit folder in the Google Drive:

“History is about ordinary people living their ordinary lives...”- Vicky Adin

1. **Describe part of a typical day in your life right now in a complete paragraph. Share as many specific details as you can.**

2. **Then, take a picture of your writing, and send it to my email.**

For example: “I woke up this morning, and had my typical breakfast of coffee and a muffin. Instead of the boys waking up at 7a.m., they are now sleeping in until 10 or sometimes even noon. I don’t mind. I put on my glasses, and go sit in front of my screen. I check my emails, worry about how students are coping, and feel the strain on my eyes from looking at a screen for hours. When I take my glasses off to go get lunch, my eyes are sore.”
